

TECHNICAL DATA SHEET

COLOUR LAMINATED GLASS (FGTDS-CR-26)

The only colour series in the world which can offer any desirable colour in glass in perfect transparency, our partnership with Vanceva® (from Solutia®, USA) brings you this unique and bespoke architectural marvel. With more than ten thousand unique colours possible, in varying levels of transparency, you can add a dash of glamour and vibrancy to otherwise staid constructions. The product is great for both internal and external use, blocks 99% UV and has high acoustic insulation properties.
